

Junior Membership Applications

Junior Memberships are often based on a father's or grandfather's previously approved SAR application. Since the bloodline has already been approved by the SAR, the Junior Member application would cite the previously approved SAR Record Copy by member number and patriot as the source documentation for those generations that have already been proved. A copy of the SAR application is not needed with the application since the SAR staff already has access to it.

If the Junior Member application is based on a DAR application instead, a citation to the DAR Record Copy AND an official Record Copy is needed in the documentation package. The DAR Record Copy must meet the same criteria for sufficient supporting documentation that is required with a regular application. Source documentation from the Junior Member to the common link in the bloodline is required. This is normally in the form of birth and/or death certificates.
